

WATTERSON.

Editorial Written by Him in the Courier-Journal.

Britishers Think he Voices Sentiments of American People on the Canal Question.

London, Jan. 17.—An article written by Henry Watterson, of the Louisville Courier-Journal, on the Relations of the United States and England, is attracting much attention here. It is considered an astute and friendly summary of American opinion respecting the Nicaragua canal and a strong appeal to the foreign office for the acceptance of the Senate amendments to the new treaty.

Copies of the article have been sent to Lord Lansdowne, Arthur Balfour, Joseph Chamberlain and other members of the cabinet and it will exert a marked influence in promoting the settlement of the canal question.

Two points on which special stress is laid in this article are the sentiments that the Senate has not added anything; Lord Salisbury would not have sanctioned if he had been consulted in advance by Secretary Hay; that no English in itself has been touched by the amendments; that Lord Salisbury, by accepting the revised text, can lay the foundations of friendship between the two nations more enduring than any alliance; and that there are strong reasons for a better understanding and a working agreement between the United States and England. Col. Watterson's representative character as a southerner and a Democrat lends great authority to this expression of American opinion.

SCARED THE CHINAMAN.

Little Beast Greatly Magnified by an Electric Light Caused the Chinaman to Run.

An illusion produced by an electric arc light gave a Chicago Chinaman a tremendous scare at Wabash avenue and Michigan avenue last night. The celestial, says the Chicago Tribune, was crossing Wabash avenue from the east side of that thoroughfare. His raiment was of the characteristic petticoated type of the new arrivals from the orient. With the awkward, wobbling strides of the tightly-shod Mongolian, he wobbled

over the sidewalk. At first, he suddenly stopped short, with eyes bulging from their short sockets and mouth wide open, in manifest terror. He was gazing wildly at the magnified shadow of a beetle that seemed to be crawling upon the floor. The real beetle, a smaller of fact, was running across the floor under the Union Jack emblem overhead and was less than an inch in length. But under the magnifying power of the arc light the bug's shadow resembled a giant centaur of the centipedes variety, and the student of the little college of dreams thought he was a giant.

MS. NATURE'S DAY.
Nature herself is the best physician. She has a prescription for all diseases and she can cure them. If you are sick, go to her and let her cure you. If you are not well, it is an indication of sickness. Call on your physician and procure a bottle of medicine. Take a spoonful of it three times a day at bed time for six days, then follow the directions and after a week course of these two great remedies, you will be well again. Prepare yourself for the material or the spiritual world. If you are ill, stay at home and when your system warms up again, then resume your ordinary course of life.

Mr. Sylvester Baxter, writing in the Review of Reviews for January, describes an important movement in Massachusetts for the preservation of places of historic and scientific interest. This "trust" to protect Nature's beauty," as Mr. Baxter styles the committee having the matter in charge, has already accomplished much by way of rescuing interesting buildings and sites from ruin and desecration, and it is hoped that similar work may be undertaken in other States.

INJUNCTION SUIT FILED.

To Prevent Use of Money In Sink-
ing Fund for General
City Purposes.

HENDERSON, Ky., Jan. 17.—An injunction suit has been filed in Circuit court by F. Haag, of the Henderson Gleaner, and M. C. Evans, an attorney, against the board of Sinking Fund Commissioners, alleging that the board has been appropriating for general city purposes, funds that were raised by special taxation for the purpose of paying interest on the city's bonded indebtedness and for the redemption of the bonds, and asking that the board be enjoined from using the funds so raised, which properly belong to the sinking fund. The circuit granted a temporary restraining order, to hold until Saturday, when the matter will be heard further.

COLORED PROPHET

Foretold One Horror and Predicts Destruction of Austin.

Austin, Tex., Jan. 15.—The Rev. L. H. Hill, a negro preacher from Galveston, is exciting the negro population of Austin today, as well as many of the whites, by preaching on the street corners that this city is to be destroyed by wind and water during the coming year.

He came to Austin at the instance of F. K. Smith, the negro who predicted the Galveston tidal wave and the gulf coast storm last September and urged the people to leave the island, and went himself to Houston a few days before the storm to escape it.

Smith has sent the following warning to the local papers:

Houston, Tex., Jan. 12.

"To the Austin Statesman: send the Rev. L. H. Hill to Austin to notify the people that the second coming of the Son of Man and the great judgment is on, and this year will be the worst we have ever seen and next year will be worse. Build storm houses and make boats. Let everybody read the third chapter of the Acts, 20 to 23 verse, and they will see that Christ must come through a prophet. Peter says he shall send Jesus through a prophet the second time. This is something the world has not noticed.

Yours,

PROPHET SMITH."

Hill, Smith's advance guard says that he speaks as one inspired and that Austin will be more effectively destroyed than was Galveston six months of the present year have passed. He began the work of making street warnings this morning and will keep it up all week. The negro population is excited.

The disaster to the Kaisari may have been due to the hurricane which swept over the island January 12, causing a number of vessels to be driven ashore.

TWIN BRIDES

Switched On The Grooms In A Kentucky Wedding.

And One Twin Says She Married Sister's Lover—A Queer Situation.

St. Louis, Jan. 17.—If anyone can tell Henry Wilkison, of Alton, a traveling salesman for a St. Louis firm, that he married the girl he intended to take as his wife, they can do more than he can. Wilkison is in a dilemma. He does not know whether he married the girl to whom he was engaged or her sister.

In Birmingham, Ky., Monday night there was a double wedding, in which the Misses Rose and Florence Eskin, twin sisters, figured as the brides. Mr. Wilkison and another gentleman were the grooms. Wilkison went there for the purpose of marrying Miss Rose Eskin.

He Is In Doubt.

Whether he did or not is now a question, as the twin sister of the girl whom Wilkison was supposed to have married says she is Wilkison's legal wife.

On the night of the wedding the two sisters dressed alike in white, and the two grooms were very much puzzled in their efforts to select their girls. One of the guests in a jocular manner remarked: "Be careful, girls that you do not change places." Then in a spirit of fun the girls exchanged and it seems that the grooms did not notice it.

Only A Joke.

After the ceremony Florence made the statement that she had been married to Wilkison, but Rose said that it was only in fun it could not be a legal wedding. Florence does not consider it as a joke, and says she is Wilkison's legally wedded wife.

Now the husbands do not know which one they did marry, and they are in a queer predicament. They cannot legally be married a second time, for in that event they would be committing bigamy, and neither can a separation be made for the reason that they are not certain of the name of the girl which would necessarily have to appear in the papers.

ILLINOIS SENATOR

Tanner and Other Candidates Out of Cullom's Way.

Springfield, Ill., Jan. 17.—The contest among Illinois Republican candidates for the United States Senate came to an unexpected close today by the announcement that former Gov. Tanner and Messrs. Cannon, Pitt and Prince had withdrawn from the race, leaving present United States Senator Cullom a walkover. The latter was nominated by the caucus to-night. All the candidates and their friends agreed that it would be difficult, if not impossible, to defeat Senator Cullom.

A lively tilt between former State Senator Thomas Needles and State Senator Otto Koch, in the corridors of the Leland Hotel this afternoon began to assume a threatening aspect when friends of both men separated them. Mr. Needles, who is a warm friend of Senator Cullom, resent a statement which he said Mr. Koch had made that he (Koch) had been offered \$3,000 to vote for Cullom for United States Senator.

Mr. Needles offered to bet Mr. Koch \$1,000 to \$100 that he could not prove his statement. Mr. Koch said that he did not say to Mr. Needles that he had been offered \$3,000 for his vote, but he said that he had been approached on this point and that in a private interview with Mr. Needles, he could convince him that he spoke the truth.

MILITIA

Goes to Corbin to Keep Down Rioting.

One Hundred of the Shotwells and Several of Their Relatives Gathering.

Frankfort, Ky., Jan. 17.—Late this afternoon Gov. Beckham ordered that a company of State militia and a Gatling gun squad proceed at once to Corbin, Whitley county, to assist the civil authorities to quell riots and preserve the peace.

The order was issued upon request of Circuit Judge Thomas Z. Morrow, of Somerset, of the Whitley county judicial district, who wired the Executive that the town was at the mercy of the rioters, the county officers being unable to cope with them and that soldiers were needed.

COL. WILLIAMS LEAVES

For Corbin With Eighty Picked Men and a Gatling Gun Squad.

Lexington, Ky., Jan. 17.—Col. Roger D. Williams, of the Second regiment, Kentucky State Guard, with eighty picked men from the Lexington battalion infantry, under Lieut. Harry Hutchison and ten men of the first section of battery B, with one Gatling gun, commanded by Lieut. McNamara, left here at 8:45 o'clock to-night in a special car attached to the regular Chesapeake and Ohio train for Corbin, the scene of the rioting and bloodshed of yesterday and last night.

At Winchester the car will be attached to the L. & N. train. Col. Williams received orders early this afternoon to hold a company of men in readiness to move, and runners were sent out notifying the men to assemble at the armory at 6 o'clock. At that hour no orders had been received and the men were dismissed with orders to assemble again at 7 o'clock.

Col. Williams selected eighty of the best men to be found and they were equipped ready for the trip. The equipment came from Frankfort-to-night and included a week's rations, blankets and cartridges.

SHOTWELLS GATHERING

At Gray's With Avowed Purpose of Extinguishing the Whites.

Middlesboro, Ky., Jan. 17.—Tom Shotwell, one of the Corbin Shotwells, was here to-day. He declared that about 100 hundred Shotwells and their friends would meet at Gray's near Corbin to-night, together with several of the Chadwicks, of Clay county, who are their kinsmen. He said the Whites would better leave the country as there was bitter feeling against them. Shotwell left at 10 o'clock for Gray's.

Rolla White, who killed old man Shotwell, had just returned from the Philippines, where he was a valiant soldier. He was promoted for gallantry on the field. He was a member of the Twenty-second infantry. The Whites are Virginians, they lived in Middlesboro a few years ago. Rolla White is only twenty years old, and has been at Corbin only a few months. Recently he was in a Virginia hospital because of a wound received while in army service.

JUDGE MORROW'S REQUEST

To Gov. Beckham For Militia Meets With Prompt Response.

Williamsburg, Ky., Jan. 17.—Judge Morrow made a request on Gov. Beckham for the militia to come to Corbin, was notified by the Governor that Col. Williams would be there at 3 o'clock in the morning in personal command of a company. The Shotwells still believe White is in Corbin and searched the town coming to Williamsburg before it pulled out this evening.

The properties of Ballant's Snow Liniment possess a range of usefulness greater than any other remedy. A day seldom passes in every household, especially where there are children, that it is not used. Price, 25 and 50 cents. Sold by H. C. Hardwick.

NO ACTION.

The Democratic Committee at Frankfort Meets And Adjourns at Once.

And the Disputes in Kenton and Shelby Rest Just as They Were Heretofore.

Frankfort, Ky., Jan. 17.—The unexpected happened when the Democratic State Central Committee met at 1:10 o'clock this afternoon to pass on the Kenton and the Shelby county party disputes. Without taking action on either propositions the committee by a vote of 7 to 4 adjourned, leaving each quarrel in exactly its former status.

It was agreed that the next meeting should be held subject to the call of the chairman. The vote stood as follows:

For Adjournment—Rhea, Kennedy, Griffith (by proxy). Hedger, Hagan, Sims (by proxy).

Against Adjournment—Vreeland, Whittemore, Pugh and Garrett (by proxy).

Absent—Jones.

Both Sides Claims Victory.

The advocates of Arthur Gough claim that this was a victory for their side, as they now say they only desired the committee to keep hands off. On the other side, the friends of Pugh in the committee say the fight is not yet settled.

HOUSE BURNED.

Where Lincoln's Father and Mother Made Love.

The first two-story residence ever erected in Boyle County, and one of great historical interest, has just burned. It was constructed something over 100 years ago by Judge J. P. Mitchell on his fine farm, seven miles west of Danville, a short distance from where the Louisville and Nashville Railroad now passes.

Nearly 100 years ago Miss Nancy Banks, afterward the wife of Thomas Lincoln and mother of Abraham Lincoln, was a frequent visitor to the home of Judge Mitchell. It was there, in that old building, during the winter of 1805, that Thomas Lincoln and Nancy Banks decided to unite their lives, and on a bleak December day, according to information furnished by old residents, the house, so called one of Judge Mitchell's houses, and taking his fiancee behind him, rode to Springfield, Ky., 25 miles, where the ceremony was performed.

They returned and spent their honeymoon with the family of Judge Mitchell, after which they began housekeeping in a miserable hut, a short distance from Hodgenville, in what is now Larue County, three years later the future President of the United States was born.

Pneumonia Prevented

Among the tens of thousands who have used Chamberlain's Cough Remedy for colds and grippe during the past few years, to our knowledge, not a single case has resulted in pneumonia. Thos. W. Wildfield & Co., 210 Wabash Avenue, Chicago, one of the most prominent retail drugists in that city, in speaking of this says: "We recommend Chamberlain's Cough Remedy for a grippe in many cases, as it not only gives prompt and complete recovery, but also counteracts any tendency of a grippe to run into pneumonia." For details see R. C. Hardwick.

An American Gentleman"

The play Mr. William Bonelli will employ as his starring vehicle next season, is one that is peculiarly adapted to his accomplishments.

The scheme of "An American Gentleman" deals with the adventures of one George Hathaway, known among his colleagues at College as Sampson of Yale, on account of his great physical strength and gigantic proportions. The first scene is at Hillsdale, N. Y., the beautiful summer home of the Hathaways. Everything is prepared for the young Hero's return from abroad, and the complications commencing at this point, including the robbery of the house and murder of the master, multiply thick and fast, until the final unmasking of the villain and virtue rewarded through the determination and skill of the young Hero. A young gypsy girl who is a tool in the unscrupulous hands of the band -she is a member of, is deeply concerned in the plot, and is finally rescued by George Hathaway, who has learned to love her in her tribulations, and at last claims her as his bride.

Even with so slight a sketch as the above outlines of "An American Gentleman," it will be easily seen that the material is here for stirring situations and sensational climaxes, and there will be no lack of either in the unwinding of the career of "An American Gentleman" which appears at the Opera House next Monday June 28.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp Root at Work in

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or paralysis, all symptoms of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the villiorgans, or the kidneys themselves break down and waste away cell by cell.

If kidney trouble is allowed to advance—it looks out—the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp Root is the discoverer of swamp root for kidney trouble.

It has cured hundreds of apparently hopeless cases after all other efforts have failed. At \$1.00 a pint it is a great value.

It will also a bowel tonic, a tea, a tincture, &c. It is wonderful.

UNPOPULAR READERS.

School Board Takes Cognizance of Persistent Complaints.

The readers known as "Cyr's Readers," adopted by the Hopkinsville Public Schools a few years ago, have called forth so much complaint from parents of children using them that the School Board at its last meeting appointed a committee to investigate and report on the advisability of adopting a better series of readers. The condemnation of the books is so unanimous that it is said a majority of the trustees are opposed to their further use in the city schools.

ASTHMA PROVED FATAL.

Well Known Citizen Succumbs After Long Suffering.

Mr. John Pickford, a well-known citizen, died in his room on East Fourth Street Saturday night, after an illness of long duration. He was 63 years old and a native of England. He came to this country in 1882 and settled in this city. Later he located in Cadiz and was sexton of East End Cemetery for several years. From there he moved to Nashville and during the past few years he had lived at various other points. About 15 months ago he returned to this city, where he had since made his home.

Mr. Pickford was a boot and shoe maker by trade and had been working at his trade since his return to Hopkinsville. He leaves nine children, five daughters and four sons, all grown.

JOHN F. CLARDY,

Died at His Home Near Gracey, Friday.

Mr. John F. Clardy, one of the county's most prominent farmers, died at his home "Rock Hollow," near Gracey, Friday afternoon, after a brief illness.

Mr. Clardy was the oldest son of Dr. John D. Clardy, and was born June 10, 1891. He had the advantages of liberal education and was graduated from Bethel College, at Russellville, Ky. From his boyhood he was noted for his correct habits, studious disposition and upright character. He early connected himself with the Baptist church and was a consistent and active member of and a deacon in South Union church at Church Hill. His Christian character was undoubtedly and all of his impulses were generous and charitable. In his church duties he was liberal, prompt and influential. He was twice married. His first wife was Miss Dade, a daughter of Mr. Randolph Dade. After her death he married Miss Lizzie Evans, of Houston, Texas, who survives him. He leaves no children. Mr. Clardy had been in bad health for several months, but had been in bed only about a week.

He had become prominent as a careful business man and held a position on the State Board of Equalization by appointment of the Governor. His funeral services were held at 2 o'clock Saturday afternoon, being conducted by his pastor, Rev. W. L. Payton, assisted by Rev. Chas. H. Nash, of Hopkinsville, and his brother-in-law Rev. J. N. Prestidge, of Louisville. Messrs. Guy Starling and Wallace Kelly, of Hopkinsville and Mrs. Phil T. Roberts, of Gracey, led the singing. The remarks and prayers were peculiarly appropriate and touching. The burial took place Sunday morning at the old Clardy home, at Bell's station and was attended by a large crowd of friends and relatives.

"A SOFT SNAP."

Not Usually the Best for a Boy or Young Man.

Did you ever know a great man or a successful man who did not work? Very clever people are sometimes indolent, but they never do go to death or identify themselves with the great things of life.

The boy whistlers out in his career in pursuit of a "soft snap" in the way of a situation never gets far up the ladder of life. He may have had a good deal of natural ability to begin with, but what is natural ability to the boy who won't work?

I once knew of a boy who went away from home to fill a situation in a store, secured him by a relative.

At the end of a couple of weeks the boy wrote home to a schoolmate.

"I tell you, Bill, I've got a soft snap here, and do pretty much as I please. I don't get down until after the other clerks, and the boys don't say beans about it. I set back on my dignity a good deal, and the other fellows do most of the work, and they are chumps enough to do it. It takes me to pull the wool over their eyes."

There was a good deal more of the latter in the same vein, but it was the last one the accomplished boy wrote from that store, for he came home a day or two later, informing his friends that the place "didn't suit him."

The fact was that he had been probably but tersely informed that his services were no longer needed.

I don't know anything about his career after that, but I think I can easily forecast his future and the future of all boys who have this abominable "soft snap" fits too greatly developed.

There are no "soft snaps" in the real successes of life, and when you hear of a successful man you can set it down that he has been a worker.—Golden Days.

PINS.

Were First Made in France of Brass and Iron.

Queen Catharine obtained pins from France; and, in 1543, an act was passed: "That no person shall put to sale any pinnes but only such as shall be double headed and have the heads soldered fast to the shank of the pinnes, well smoothed, the shank well shaped, the points well rounded, cauted and sharpened."

At this time most pins were made of brass, but many were also made of iron with brass surface. France sent a large number of pins to England until about the year 1626.

In this year, says Good Words, one John Tilby started pinmaking in Gloucestershire. So successful was his venture that he soon had 1,500 persons working. These pins made at Stroud were held in high repute.

In 1636 pinmakers combined and founded a corporation. The industry was carried on at Bristol and Birmingham, the latter becoming the chief center. In 1775 prizes were offered for the first native-made pins and needles in Carolina; and during the war in 1812 pins fetched enormous prices.

Pins vary from 3½ inches in length to the small gilt entomologists' pins, 4,500 weighing about an ounce.

Air of a Closed Mine.

The Institution of Mining Engineers of Great Britain at its recent meeting listened to a report on the opening of a mine which had been tightly closed for 15 months. The first rush of air was analyzed and found to contain 84 per cent. of nitrogen, 12 per cent. of fire damp and 4 per cent. of carbon dioxide. The condition of the mine was practically unchanged and no damage had been done by the gases. Brand was dried as hard as biscuit, bacon cooked was quite fresh and water for horses had not evaporated.

Gold Mines in Spain.

There was a time in the fourteenth century when gold mines in Spain were worked at a profit. It is now rumored that several fresh discoveries of gold have been made. Some of the seals of the royal treasury are said to contain enough gold to repay the cost of a kingdom, and a well-known mineral is being shipped to the coppersmiths of Valencia to Madrid, which, it is reported, is said to be founded on a gold bed.

A Topeka man lost a small open set out of his ring and went to the jeweler who had it replaced. Returning home he found the lost set and, putting it in his mouth for safe keeping, hurried back to the jeweler's to have it set instead of the new one. The jeweler asked him if he had the old set, so he said, "Say, I've found the old set, so don't use that new one." He attempted to remove the stone from his mouth, gave a gasp, looked sheepish, and said, "I guess you'll have to use the new stone."

This morning he needed a bottle of Dr. Codd's Syrup Peppermint. Sold by C. K. Wylie.

GRAND JURY CONTINUED.

More Indictments Expected in the Joel Case.

Frankfort, Ky., Jan. 19.—The Grand Jury, which expected to finish to-day, was given time at the request of Commonwealth's Attorney Franklin. The latter has been engaged exclusively at the present term with criminal cases on trial, and the extension of the sittings of the grand jury means the investigation of the Goshel assassination case is to be re-opened.

Love M. Armstrong, of Hopkinsville, spent Monday in Pembroke, looking over the field with a view to locating here and engaging in the furniture and undertaking business. Mr. Armstrong has had years of experience in the business, and would doubtless prove a valuable addition to the business interests of the town.—Pembroke Journal.

Mr. and Mrs. Thos. W. Long Celebrate a Nuptial Event.

Mr. and Mrs. Thos. W. Long entertained their friends from 8 to 10 o'clock last evening in celebration of the fifteenth anniversary of their marriage.

About 200 invitations were issued and a large number responded in person and others sent handsome presents in cut glass and other kinds of costly glassware. The presents were very numerous and many of them of great elegance.

Mr. Thos. W. Long and Mrs. Minnie Payne Trice (formerly Miss Minnie Payne) were married Jan. 21, 1886, and their married life has been an exceptionally happy and congenial one. In their handsome home on South Main they have entertained frequently and have been recognized leaders in society. The popular couple number their friends by the hundred.

Mr. Long is cashier of the First National Bank and is one of the city's leading men of business. Time has dealt lightly with both Mr. Long and his handsome wife and though they have been married fifteen years they are still clasped among the young couples of the city.

Mrs. Long was assisted in receiving by the young lady members of the "As You Like It Club," of which she is a member, and the affair proved to be a very brilliant social event.

Mr. A. P. Harness and family are visiting relatives in Henderson.

How to Cure Croup.

Mr. R. Gray, who lives near Amenia, Dutchess County, N. Y., says: "Chamberlain's Cough Remedy is the best medicine I have ever used. It is a fine children's remedy for croup and never fails to cure." When given as soon as the child becomes hoarse, or even after the croaky cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by R. C. Hardwick.

PNEUMONIA FOLLOWS LA GRIPPE

but never follows the use of

Foley's Honey AND Tar

STOPPS THE COUGH AND HEALS THE LUNGS

PNEUMONIA is treacherous for it often happens that heart failure ensues after the patient is supposed to be on the road to recovery--the recent death of P. D. ARMOUR is an example of this.

We emphasize the fact that Foley's Honey and Tar if taken in time affords perfect security from serious result of an attack of La Grippe or Pneumonia.

J. W. BRYAN of Lowder, Ills., writes, "My little boy was very low with pneumonia. Unknown to the doctor we gave him FOLEY'S HONEY and TAR. The result was magical and puzzled the doctor, as it immediately stopped the rack-cough and he quickly recovered."

DR. C. J. BISHOP, Agnew, Mich., says: "I have used FOLEY'S HONEY and TAR in three very severe cases of pneumonia with good results in every case. There is nothing so good."

G. VACHER, 157 Osgood St., Chicago, says: "My wife had a very severe case of la grippe, and it left her with a very bad cough. She tried a bottle of FOLEY'S HONEY and TAR and it gave immediate relief."

Cures the Most Stubborn Coughs.

CONTAINS NO OPIATES.

TRY NO SUBSTITUTE IN PLACE OF FOLEY'S HONEY AND TAR.
